

Submission Requirements

Exercises for Algorithms by Xiaofeng Gao.

* If there is any problem, please contact TA.

1 Submission Format Requirement

Download the LaTeX source file (“.tex” file) and the necessary resource files (for example, pictures). Put these file into a folder and modify the LaTeX source file to do your homework. **You should submit a “.zip” or “.rar” compressed file package** containing the LaTeX source file, the compiled PDF file and the necessary resource files.

2 File Naming Requirements

All of your submission file should be named as “Lab+LabID+‘-’+FirstName+LastName”. For example, if Mingding Liao want to submit his homework for Lab01, the name of all of his submission file (‘.tex’ file, ‘.pdf’ file, fold and compressed file package) except resource files should be named as “Lab01-MingdingLiao”, that is to say, the name of PDF file should be “Lab01-MingdingLiao.pdf” and the compressed file package should be ‘Lab01-MingdingLiao.zip’ or ‘Lab01-MingdingLiao.rar’.
